ORACLE PARTNER

CHALLENGES:

- Provide a single integrated application for all the company's activities throughout global operations.
- Provide a scalable solution that will support Agnico-Eagle throughout their continued growth.
- Enable cost saving through increased efficiency and optimized asset management.

SOLUTIONS AND RESULTS:

- Implemented Oracle's J.D. Edwards (Finance, Job Cost, Inventory, procurement and Capital Asset Management).
- Replaced parallel systems by one integrated system (ERP).
- In the process of completing the roll out of Oracle throughout worldwide operations (Canada, USA, Mexico, and Finland).
- Improved maintenance and resource management.
- Reduced operating costs through better cost allocation and resource management.
- Increased visibility in key areas such as inventory, costs and work-orders.
- Improved accounting controls in adherence to Sarbane Oxley requirements.
- Availability of real-time performance indicators and KPIs.
