3741 Pharmaceutical and Medicine Industry

ORACLE PARTNER

CHALLENGES: 3741 Produits pharmaceutiques et médicaments

- Implement pharmaceutical model of EnterpriseOne.
- Integrate all the activities of Laboratoires Confab.

SOLUTIONS AND RESULTS:

- EnterpriseOne applications implemented within four months.
- Provided a vision for all activities, including manufacturing, entrées distribution, sales order entry, quality and finance processes
- A single data repository to eliminate redundant data entry ensuring productivity improvement and data accuracy.
- Created a scalable technology infrastructure to accommodate growth.
