1000+ employees
\$220M annual revenue

Plastic Products

1661 Plastic Container Industry (Except
Foam Plastic Containers)

ORACLE PARTNER

“Meeting our customers' needs for us is a competitive advantage based on our business strategy.”

CHALLENGES:

- Not optimized business processes.
- Control limited transport costs.

SOLUTIONS AND RESULTS:

- Implementation of Oracle's JD Edwards EnterpriseOne solution, its advanced transport management module, and dcLINK from Data Systems International.
- Obtained the necessary flexibility to adapt the business processes according to customers' requirements.
- Important improvement of the inventory management and accuracy thanks to the implementation of the cyclic calculation process.
